

## Advantages of BURG trade goods

### 1. Examining

The sampling of the goods takes place according to a narrow scheme: Software, functions and haptics.

### 2. Certification

We have the product certified according to the legal obligations (CE, FCC, RoHS).

### 3. Warranty

We offer the legal warranty and service.

### 4. Design

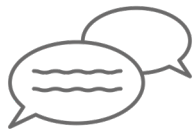

We enhance the product with an attractive product design (printing / material / color).

### 5. Stock items

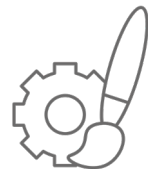

Our trading goods are usually available immediately and ready duty paid, with low MOQ.

### 6. Language

Communication with us takes place in German and English.

### 7. Adjustments

We can customize (software) settings for the customer, even for smaller quantities.

### 8. Experiences in China

We have our own staff in China and certify our suppliers locally.

### 9. Compatibility

We adapt the products so that they are compatible with our BURG-solutions.

### 10. Documentation

We offer excellent documentation (assembly / operation).
