INTERNAL MAIL DISTRIBUTION

powered by **Pareva**

Description

Intelligent mail lockers enable efficient processing of internal mail distribution, goods distribution, incoming mail and parcels as well as dispatch. They offer secure handover that is decoupled from attendance times, which represents great added value for everyone involved, especially in times of working from home and desk sharing.

Workflow

authenticate	select compartment / receiver	store package	send pick-up PIN

Benefits

- 24/7 pick-up and dispatch
- very efficient
- user-friendly
- New Work compliant
- central contact point
- sustainable due to CO2 savings
